### **DETAILED ACTION**

The amendment filed on 17 December 2003 has been entered and overcomes the rejections of claims 1-8, 11, 12, 14, 15, and 17-19.

#### ***Allowable Subject Matter***

1. Claims 1-7, 10-15, 17, and 18 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding independent claim 1, the prior art of record neither shows nor suggest the specific steps of breaking the bond between the second end of the emitters, along with the other limitations of the claim.

Regarding independent claim 12, the prior art of record neither shows nor suggest the step of trimming the lengths is subsequent to the step of orienting the nanotubes and not as part of the orienting step, along with the other limitations of the claim.

Regarding independent claim 13, the prior art of record neither shows nor suggest the step of placing a second conductive region comprising an optically transparent insulator which is coated with indium tin oxide and using the same to orient the emitters, along with the other limitations of the claim.

Regarding independent claim 18, the prior art of record neither shows nor suggest the step of applying a laser beam to the emitters to partially dislodge the emitters, along with the other limitations of the claim.

Due to their dependency, claims 2-8, 11, 14, 15, and 17 are necessarily allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
